“ Ed and I knew the family through a love of dirt bikes and dune buggies. We went on a few camping trips with Jim and Donna and Adam and Ryan when the boys were young. We are so sorry for your loss and send prayers for peace. Melissa and Ed Giblin

“ Adam and I worked together at LCEMS. I especially enjoyed working at Medic 3 with him. We both had worked at Sunstar and had some good ole nonsense stories to share. He was an amazing partner and friend. Rest In Peace Brother.

“ Adam and I worked together at Doctors Hospital Sarasota, where he was a telemetry monitor technician. Adam was brilliant - I often wished I could spend more time with him to learn. I wonder how many lives he saved in his life, both in the hospital and while working with EMS. My heart goes out to his wife, children, family and all those who had the pleasure to know this kind man. Rest in peace, Adam.

“ I worked with both Adam and Tiffany at Englewood Community Hospital many years ago. He was a monitor tech and Tiffany a floor nurse with me. Adam was also a bright part to everyone's day whether it was telling a joke or just a funny one liner. I always enjoyed working with him. He talked frequently about how much he loved you Tiffany and I believe you were pregnant with your first child together and he was so excited. He was very proud of you as his wife and about being a dad. I still can't believe he is not with us anymore. Continual prayers for you and your family during this difficult time. -Angela Carnell

“ I only met Adam briefly. We sat next to each other during orientation at Sunstar and chatted during EMS Academy. He was had a kind soul and I was so hoping to run into him at Manatee's ER. He loved his kiddos so much. He beamed whenever he talked about them. I wish I'd gotten the chance to get to know him more. Rest easy, Adam. We have the watch from here.
