“ To my dearest cousin Al. I remember this little boy who kept repeating cousin Robert cousin Robert, when I visited in 1979. You cried and cried when I left to come home to England. That memory stayed with me for many years afterwards. Then it was you I found first after our families lost touch for many years on different sides of the Atlantic. Now you are gone and I am heartbroken. Rest easy cousin with your sister Annie. I will always love my American family. I will see you one day on the other side of the sky. Love you cousin.
