

Alicia Evans Vernon

October 8, 1956 - November 3, 2021

Alicia Evans Vernon passed away November 3, 2021. She was born October 8, 1956 in San Jose, Costa Rica where her parents were missionaries. She grew up in Columbia through 11th grade and then later attended and graduated from Michigan State University class of '79.

She is survived by her husband Steve Vernon, her two children Alan and Jessica Evans, her two step-children Shannon Wroblewski and Steven Vernon Jr., seven grandchildren, seven great grandchildren and her two sisters Anne and Patty.

She had a heart and passion for making the USA a more beautiful place. She began her political activism in 1995 in Atlanta Georgia as a volunteer lobbyist at the Georgia state capital to advocate for free-market principles and healthcare and health freedom. Between 1995 and 2005 she held many positions in the republican party such as secretary of her congressional district, chairman of her house district and was very involved in many campaigns including that of Newt Gingrich. As the elected secretary of the class of 2005 she not only attended her class's year-long training as well as the following year, with the prestigious "Republican Leadership of Georgia".

After moving to Florida in 2011, to care for her parents Norman and Donna Piersma, Americans for prosperity (AFP) asked her to join their team where

she was part of the highest rated grassroots District of AFP in the entire United States in early 2014. In June 2015 Alicia began working on her husband's campaign and planning their wedding. She continued to be a strong advocate for conservative causes such as pro-life legislation and healthcare freedom.

Until her death, Alicia was the chairman of Bradenton Christian Women's Connection and the regional coordinator for Southwest region of Christian Family Coalition (CFC). She was also the local coordinator for "Protect our Children Project", participated in Florida citizens alliance advocacy work as well as the Republican Executive Committee of Manatee County.

Her favorite hobbies included decorating, long walks on the beach at sunset, snow skiing, gardening, hosting friends and family, and making her community a better place alongside her husband.

“ Alicia was a truly sweet, warm, and welcoming person. She treated everyone she met with kindness and when Alicia was talking to you, you had her full attention. It was as if she thought you were the most important person in the world. I am sorry for her passing, and know that her memory will be a blessing.

“ I remember beautiful, vibrant Alicia, whose smile could light up any room. We were fellow activist and lobbyist at the Georgia State Capitol. She lived her faith and it showed in all that she did. Alicia had a grace and countenance about her that I know only our Lord had given her. She was beautiful inside and out. We both were strong in our commitment for life, the unborn and born. I remember how happy she was to be marrying Steve and how much she has loved him. I know her spirit in with the Lord Jesus now, praising him and glowing being in His presence. I am deeply sorry for her beloved Steve, her children, and grandchildren. She was precious and I pray that the beautiful memories will sustain you all until you meet again.

“ Alicia is truly with God. She was the most God centered individual I have ever know. She was thankful to God when things were great and thankful to God when things were not so great. I loved her as a Sister-in-Christ and will miss her beautiful smile, loving personality, and her words of encouragement

“ Alicia was one of the first Republican that I met at the REC meeting in the Fall of 2019....her enthusiasm for the Party and its mission was infectious and she sparkled when she talked about her work with churches to safeguard the lives of unborn children. She left a legacy in her work, her words and her commitment to make the world right. She will be missed by all of us. Carolann Garafola

“ I met Alicia in 2012. She is one of the most beautiful people, inside and out, that I have ever known. She worked with me at AFP and used her many gifts and talents to grow a grassroots army in the Bradenton and Sarasota area. Her passion and hard work helped the AFP Southwest FL field team sustain the number one spot in the country for door knocking and phones. Her passion for our country inspired me. The last time we got together she traveled to meet me for lunch in Tampa. I left from that lunch, touched by Alicia’s joy even in the midst of her diagnosis. I pray for Steve and her family, but celebrate her life and know she is in the presence of Jesus.
