This is not appropriate. Some day you will face god why would you want love ones or anyone to see this. This sounds like you have unresolved issues. This is my mom. U don't know her. Sounds like you're a jealous woman. We will pray for you

From your best friend Norma Kimball-Crocker. We were friends since the 1970's. Had lots of fun back then girl and did enjoy our party times which I will never forget I will cherish those memories forever. I will miss our phone calls a lot. I wanna call you now but know I can't . We had so many funny calls and had many talks bout our kids. I still am having a hard time realizing the good lord took you home. You are not in pain anymore. I know you will be looking down and watching all of us who knew and loved you and making sure we are ok. You were there when I needed you to talk if I needed help with something. I will miss telling you about my good and bad days. I am sure you will give me a sign if you want to say hello. I will miss you a lot. You were a caring person and always thought about others before yourself. I am sure your children will all be strong and be ok. My Matthew will miss you a lot also. You will probably be my guardian 🙏 angel now and I will love that. Me and Matthew love you. RIP dear 😭 girl. You deserve it.

“*My best friend, my sister, I will miss you so much. We shared a lot of memories over the years together, and through thick and thin you were always there for me. You had a heart of gold and always put others first before yourself, that was just the kind of person you were. I was so happy when you decided to move to Florida with me, we had a lot of good times. I will cherish them forever. Sophie will be loved as much as you loved her and she misses you. There will be no more pain to endure sis, you can now rest in peace. All my love, Kathy*
