“ *i have known Debbie since we became classmates in the first grade at St Paul. We kept in touch over the years via class reunions and mutual friends. I always enjoyed catching up when did our reunion planning. Debbie was the best and we will all miss her.*

“ *Debbie and I knew each other as classmates at Pleasure Ridge Park High School, but it was a large class and we were never close. I got to know Debbie personally when she and her best friend and fellow classmate, Kathy Harper Barnett, joined PRP '68 Girls. This group was formed over 20 years ago by Mary Joe Reesor Brown, Betty Clark Sullivan, and me. It is open to any female who was in our class. Prior to spending winters in Florida, Debbie never missed a gathering. She was an integral part of the group, always a big part of everything we did. She even entertained all of the '68 Girls and their spouses at a chili supper and bonfire at her and Charlie's beautiful home and grounds bordering Jefferson Memorial Forest. Debbie knew how to make everything fun! After she was diagnosed with cancer, Debbie and I texted a lot back-and-forth one day. She knew I was very upset about her diagnosis. She told me that this was her path to follow, just as mine was when we lost our daughter. I knew I would have to part with Debbie someday, but neither of us thought it would be this soon. Rest in peace, Dear Debbie. You left a legacy of joy and love to all who were lucky enough to be close to you.*

“ *I have known Debbie for many years as we went to St. Paul School/Church and then to PRP. She was always a character and I loved seeing her and being around her at both our class reunions and sometimes at the gatherings at Mike Linnings. I live in Ohio so always look forward to the class reunions and to see what the committee had planned for us. Yes we have class reunions for St. Paul as we were together for 8 years. She worked very hard on both school reunions and will be greatly missed. So many great memories of days gone by. Thoughts, prayers and love to all.*

“ I wasn't one of Debbie's closest friends, but you never forget someone like Debbie. Everyone mentions her smile. Sorry, me too. I know there were a lot of wonderful things about her, but I remember that radiant smile. She was always friendly and seemed to be in a good mood. Also, it was easy to see she was very bright. She was a very nice person. And I hope you're not offended, but she was very pretty. Boy's could say that in '68. Not sure if kids today can say that without being called sexists.
