“ Betty will always be with us. I think of her every time I saddle a horse, hear a good song, (especially if it's Elvis!) or talk about what's going on in the world. I could always share my thoughts or opinions with her and we'd have great conversations. I miss her so much already. She loved her family, she loved her friends, and we loved her.

So sad to hear of Betty's passing. Loved working with her in the ER - she was such a great nurse and friend. She always had a smile and kind word for everyone. Feeling blessed that she was part on my journey here on earth. Regret that I only recently was aware of her passing and missed her memorial service. Cherished memories of times spent with Betty remain forever in my heart. Sincere and heartfelt condolences to Melody and the entire family.
