“ My dear friend, Gina. We met at GRH 15 yrs years ago and never lost contact. I would have been a fool to lose touch with one of the kindest, generous, caring and FUN people ever! Your warm heart, inviting personality, companionship, sharp memory, work ethic and ability to always be there for your patients, family and friends was remarkable! Gina was everything good to all of us and will be eternally missed. But, let's take comfort in knowing Heaven has a new angle, Gina Tasso. I will miss you so very much . May you rest in eternal peace, my dear friend,Gina. Sincerely, your forever friend, until we meet again.....

“ *My sweet beautiful friend, I will miss you so much! Our journey together is so full of memories from the times that we spent together 30 years ago during our coffee break and you would so eloquently tell me all kind of opinions and stories, helping me in my search for the Truth, providing me with helpful Bible quotes. Spending Thanksgiving at your house so Anthony and I would not be home alone....How can I forget how caring and dedicated you were to your home care patients, even the most difficult of them would adore you and gradually get better with your healing touch. How will it be now without you to go to the theater almost every month.....notwithstanding our lively dinner conversations. You will always be near my heart and I know that you are now resting in peace, interceding for Monica, Nathan and John as well as your grand children. I love you my precious Gina!*

“ Thinking about it today, I believe Gina and I were the only two “onlies” in the Patterson family. I remember when she was born. I had been my aunt’s “daughter” for her mother-daughter affairs and all of a sudden it felt like I had a baby sister. I was so excited!

She visited us in San Francisco and she and Mike were married here in Las Vegas.

We didn’t visit often on the phone but when we did, it was like no time had passed at all. In recent years we primarily corresponded by e-mail or messenger.

Both my husband and I will miss her.....just knowing she was there was comforting. She was and always will be a special part of our lives. God bless and we will always love you!

RIP ❤️

“ What was not to like about Gina? She was always so pleasant, helpful, kind, considerate, thoughtful. I could go on and on. She and her husband Mike visited with my husband (her cousin) and I a few years ago for a couple hours. We sat on our porch and talked about this and that. How I wish I had taken a photo before they left that day. It was the last time we saw her but not the last time we communicated. As soon as she learned I had breast cancer, she called and offered advice, food for thought, and she even mailed me pieces of her aloe plant. I told her later it helped more than the creams the doctors gave me. Such a good person with a good heart. We will sure miss her. I thank the Lord I had the opportunity to become a part of the Patterson family and I so enjoyed her friendship.

We never lost touch as we traveled our separate roads, each listening to the other as we tried to figure out this thing called life, and finally I got to Florida and was closer. And now you are gone. I will miss your voice, our shared interests, but know we shall meet again. Rest easy my friend, rest easy. I love you. Mary B*
