

Kevin Jones McCulloch

August 20, 1974 - January 25, 2024

Kevin Jones McCulloch, 49, passed away January 25, 2024 in Sarasota, Florida where he was a life long resident. He was born August 20, 1974 to the late Keith and Ulla (Ohlsson) McCulloch. He grew up on Siesta Key, and as one of the original “Village Rats” that enjoyed skateboarding and surfing and enjoying the island’s lifestyle when Siesta was quaint and truly relaxed.

Kevin was very creative and loved to work with his hands, especially when it came to wood projects. He could see things that others could not and then make it come to life so they could see it.

He was also a dynamic animal whisperer.... animals loved him and he them, especially dogs and birds. These animals could not get enough of him and he was so good with them.

Honey Bear, Kevin’s amazing frisbee catching pup was his one true loves (everyone who knows Kev knows honeybear) she was the one that could keep up with him the best.

His favorite food was steak. He could eat it every night! And everyday, sometimes twice a day he loved McDonald's caramel Frapee... with Xtra XTRA Caramel. He would say at the window every time... Xtra XTRA! He could not drive by a body of water and not at least mention if he thought there was any fish in there. He loved fishing, something he got from his Dad. And the last year or so of his life he was doing exactly what he wanted to do

whenever he wanted to do it.

Kevin was a professional climber for a tree trimming company for many years and an amazing landscaper who worked on properties all over the Sarasota area. His work was outstanding and he was one of the best.

Overall, Kevin enjoyed spending time outdoors in nature, working on gardens and doing landscapes, fishing everywhere he could and grew up living the surfing and skateboarding lifestyle.

Left to cherish Kevin's memory are his brother, Andrew McCulloch; his beloved girlfriend Brenda; his dear life long friend Amy; and step-mother Karen McCulloch.

KS

“ I knew Kevin ever since he was a teenager and he was living with his Mother, Ulla on my street. He was the most happy, congenial fellow and his knowledge of plants and trees was phenomenal. I never really saw such a hard working man and he could maneuver his way in a tree like a monkey and would always cut the trees just the way I wanted them. I will miss his cheerful beep and wave as he passed my house when he would go his mother's a few doors away. We lost a good man on earth, while heaven gained a real shining star! Miss you Kev! 💖🙏🌟

DR

“ Kevin was a worker. He shampooed my carpets & they were spotless & super clean. Kevin had the biggest heart of anyone I have ever know. Have fun in heaven cause they need people like you to share your sweet man you are.
