“ *In the loving memory of my friend and mentor. Your guidance and expertise in several construction aspects not only taught me invaluable skills but also ignited a passion that will forever shape my life. My remodeled kitchen will always be a reminder of our start of working together. Your kindness, patience, and dedication made you a cherished friend. You will be deeply missed and always remembered. I'll never forget how you coined the phrase 'Speedy' for me, a nickname that will always bring a smile to my face. I know you are with Jesus as we always discussed how much we loved and believed in him. I will miss you but you will always be in my heart. Rest in Peace my friend.*

Matt redid our kitchen, he was such a professional at his craft and did an amazing job. I enjoyed talking to him about our faith in Jesus and how much he loved his dog Gracie. he was always so very polite and kind. My husband and I will miss Matt and remember him whenever we look at our beautiful kitchen he designed for us. RIP Matt

“ *My Uncle Matt was like a father figure to me as a young man. He taught me how to read a blue print, cut trim perfectly, how to do hardwood flooring, paint, read a blueprint, and the term “tricks of the trades”. I helped him with 3 of the many homes he built. We shared many of the same favorites in life: his first Movado watch, his marriage on the beach, Pink Floyd’s (mother), Slow Hand Eric Clapton, Pool, & laughing. Whenever I needed someone to talk to when I was struggling as a young parent my Uncle Matt was there without judgment and his door was always open to me. I will forever miss you Uncle Matt, say hi to the family for me. Love Nick*
