“ *Ray I was your secretary for so many years. I knew you when you worked at the lab and then you came to the state. You are one of the good guys. I could always talk to you and know that whatever I said to you was held in confidence. Right now you are doing and enjoying life and just soaring through the sky. “ I just saw Ray at our Red Hook Reunion on November 13th, and he came all the way from Florida to see me and to be a part of this reunion. I am in shock and so sad. He was so loving and generous and I send my condolences to his family. He was a student of mine that was very special to me and I know I was special to him and I feel so grateful for his love. In fact, I'm sure all of us who experienced what it was like to be loved by Ray are grateful to have been in his presence and to have received his love.
