“ Sir, You were a ray of sunshine to me. Taking care you was a privilege. I loved our conversations, your smiles, your stories and all you brought to my day. No matter what kind of day You were having, you always smiled at me and you really don't know how much that made my day. It was always a pleasure to care for you, no matter how rough you felt you were the most grateful patients I have had and always made sure I and the team knew how appreciative You were! Thank you for your smiles and friendship. You and your beautiful wife and family will always be in my heart! Big Hugs to you sir!
