“ The memory of Ronnie that comes to mind the most is us visiting our cousins as kids and Ronnie asked me if I wanted to go on his paper route with him. I don't remember going and that was probably because it was much too early for me. 😊 Much love to all that will miss him. ❤️

“ I have a life time of memories of my best friend. Always like working on cars, taking a part many things and putting them back together. He loved life growing up. I was always surprised what he could do. He will be missed. I have so many photo's of us growing up. I can't express how I am feeling right now.
