“ I met Sue when I worked with FsFg doing financial services. I had just finished my license and Sue took me under her wing and shared the organization process and skills she had developed over many years. She didn't hold back and as a result, I shared my health knowledge and real estate info with her. She and Kevin had a partnership that was amazing. They truly cared for one another and supported one another getting thru the hardships of life and marriage.  
In short, I will always remember her and love her. Hugs to her family and friends. And prayers for her easy passage to the other side.  
Love ya gal.

“ Mike and I met Sue and Kevin at a seminar in the Lehigh Valley and wanted to prepare for our retirement so we scheduled additional meetings to do so. Sue always was prepared and would pull all our information up on the computer and show us our numbers and Kevin would advise us on the many ways to be sure we had money in retirement for traveling, expenses, etc. May all the good memories throughout the years help you Kevin at this difficult time and keep Sue always in your heart.
