“ I am so sad to hear of the passing of Tony. He was my most trusted Pest Control servicer. Tony was very quiet, mild-mannered, respectful, and just a lovely person overall. I knew something was amiss when I hadn't heard from him this year. I is so unlike Tony to not call or follow-up with treatments. I sent a few text msgs and left vms...without any response. Very unlike him. Tony will be missed greatly. I am deeply saddened. My condolences to his family. Sad to know you've lost a really, really nice sibling.

“ Tina I met Tony in the 80s when he worked at Ruby Tuesdays and then at the Beach Club. We stayed in touch when he was a private detective and then started the pest control business. I just found out he passed the week before I wished him a happy birthday. No one knows better than you what a great person he was and how much he will be missed by all who knew him.

“ I am in absolute shock learning about Tony’s passing. My family and I have known and loved him for more than 15 years and he was just the dearest, kindest soul and I’m so sad to know I won’t be able to see him anymore. We always had the best conversation and my husband and I would frequently see him in Tampa at the hockey games. I send love and peace to his family and am thankful he now rests with his mom and dad...I know how hard it was on him losing his parents and I find peace knowing they’re reunited eternally.

“ To Tina, Andrew, Robert & David Robbins,

I cannot tell you how sad we are to have heard the sad new about our friend Tony! He took such good care of our home for some 20 years. He started working with my parents back when they owned the house and then with my wife and I after they passed on. It was always good to see Tony and we would always have a fun chat talking about the Rays, Bucs, business and life in general. He was so calm, kind and dependable. We last saw him in December and had a nice long chat about his great business and potential retirement. It seems hard to believe that will be the last time we ever get to see him.

Anne and I send our prayers to you all and will forever appreciate Tony's kind soul and warm smile. May he rest in peace. He will be missed!

*God bless Tony.

“ *What a shock, to hear of Tony's passing. My sincerest condolences to the family. I want to talk about how Tony touched my life in a wonderful way. Tony started helping our family when I was 12. I was in and out of the hospital receiving treatment for leukemia. He helped my family during those hard times and we think of him like a friend ever since. I'm 36 now and he was just at my house in December. I wish I lingered longer on that conversation. He always took time to respond to my texts and we even enjoyed sending emojis back and forth. His friendliness and devotion to community will not be forgotten. Thank you Tony. With Love, A Client and Friend, Alisha Buckman*
